Lebanon, Batroun	8. BARRIA
Beekeeping/Herbs/Herbal Tea/ Essential oils/ & Training	
COMPANY ADDRESS DETAILS	
<p>Address: Mrah El Ziyat – Batroun - Lebanon Email: info@barria.com.lb t/phone: + 961 81 002 749 Contact person: Atef ABI NADER</p>	
BRIEF DESCRIPTION OF COMPANY & KEY COMPETITIVE ADVANTAGE PARAMETERS	
<p>Barria (Arabic for wilderness) brings you the flavors and aromas of the wild Mediterranean terroir. Inspired by the knowledge of the earth carried by our foremothers and forefathers and passed down onto us, we offer a selection of herbs, herbal teas, and beehive products that have been carefully nurtured and harvested in symbiosis with the local environment.</p> <p>Barria was born out of a desire to anchor economic growth in environmental protection and rural development. That is why we chose to mainly cultivate indigenous plants using agricultural methods that do not disturb the ecosystem. We selected a variety of plants that are known to have medicinal properties and are a source of nutrients for our bees, in addition to having exquisite flavors and aromas. In this way, Barria contributes to the conservation of Lebanon’s rich flora all while sharing with the world our country’s very own superfoods.</p> <p>Located in the mountains of Batroun, Barria has the revitalization of Lebanon’s rural economy at heart. Our ever-growing network of collaborators consists of local small businesses, beekeepers, and farmers from across Lebanon who share the same passion for natural foods. At Barria, we share what Nature provides and we do not ask her to give more than she can. Our product lines follow the natural growth cycles of each plant that we harvest so as to avoid the overexploitation of the earth and the depletion of natural resources. This approach allows us to focus on quality over quantity. It also lets us surprise you, every now and then, with new blends that incorporate unique seasonal ingredients.</p>

Beekeeper and marketer	
COMPANY ADDRESS DETAILS	
<p>Address: Mont-Lebanon, Byblos, El-Kafer Email: Kaddoum.honey@gmail.com t/phone: +961 03 701 740 Contact Person : Antoine Kaddoum</p>	
BRIEF DESCRIPTION OF COMPANY & KEY COMPETITIVE ADVANTAGE PARAMETERS	
<p>It's been 40 years since the present of Kaddoum product in the market. Kaddoum Trading is a company that produces all products related to bee production. Kaddoum has a large production capacity that allows it to keep all types all year round. Our company applies Lebanese specifications according to Libnor and has a complete traceability system from raw materials to finished product. The multiplicity of pastures allows the company to obtain many types of honey, also due to the move of bee's hives from a place to another to follow the seasons. The bee pastures used by the company are also far from polluted areas and therefore are located in an area with ecological diversity. Kaddoum is not only a producer but also buys honey from different beekeepers all over Lebanon in order to support the rural community as well as the Lebanese farmer. So, in a nutshell, Kaddoum's sustainability policy is quality and how to preserve bees and the environment.</p>

harvested from orange tree blossoms and other spring wild flowers which give it its mild and citrusy flavor. Crystallize Honey is sourced from the high-altitude mountains where the bees harvest a multitude of wild summer flowers, this honey is a top quality cold extracted mountain honey that is distinguished by its natural gold color.

In addition to these types of honey, we have the Pollen, which is very rich in vitamins, enzymes, minerals... it is collected by bees from thousands of flowers and is characterized by its lightly sweet flavor.

Royal Jelly is a substance secreted by the bee Glandular gelatinous from the bee age between day 1 and 7 days and they are served to their queen, it is the food for the queen bee and the reason behind the energy and the deposit of the huge number of eggs. it has a lot of benefits and contains amino acids and minerals.
