

# First Year Achievements

## PRESS CONFERENCES

**3 press conferences were implemented in Palestine, Jordan and Lebanon to announce the project's by updating the press and stakeholders about the goal of the project, planned activities, expected achievements, and opportunities.**

## DESIGN MEETINGS

Representatives of the SSE were invited to define the needs and biggest challenges from their perspective, discussing also the best practices that will be presented to them. These needs were evaluated and categorized, and used later in the adaptation of the best practices.

## SOCIAL SCHEMES BEST PRACTICES

Preparing report on the selected best practices in social schemes to the benefit of unemployment of vulnerable populations.

## FRAMEWORK

Preparing report with the adapted best practices that constituted the MoreThanAJob framework, a set of guidelines also be included for the implementation of the framework in the project partner's countries.

## SYNERGIES

Establishing synergies with projects (including ones funded under ENI CBC MED programme) having the same objectives and priorities as MoreThanAJob.

## MODALITIES OF FRAMEWORK IMPLEMENTATION

Preparing a report describing the modalities of implementing the framework in the participating countries, considering the public administration issues involved and the need for new policies.

## E-PORTAL PLATFORM

**Creation of an e-Portal platform as a multilingual interactive space to enrich interaction between the SSE actors and Public administration**

## POLICY BRIEF

Development of the project first policy brief, describing the way that project results could be integrated in future policies, in order to have an increased impact and ensure continuation of activities.

## TRAINING SEMINARS

Preparing the topics for the cross-border train-the-trainer workshops and the Training seminars for public authorities in the field of employment, education and migration which will be implemented in multipliers, according to SSE and PA actors needs.
