## Brief summarise of the event that took place.

The purpose of the conference is to bring the awareness and involvement of the residents of the city of Kfar Saba to the issue of municipal preparedness for the climate crisis and to present all the actions in which the municipality operates on the issue. The conference included a review of the regional climate conference, the presentation of the SME4SMARTCITIES project and the presentation of the winning pilots to the residents.

Many efforts were made to spread the invitation on all the relevant platforms of the municipality and a sponsored promotion was also made.

## List of activities

Raising the awareness of the residents of Kfar Saba for the municipal preparation for the climate crisis, for the SME4SMARTCITIES project and the demonstration and presentation of the two winning pilots.
