

Output 2.3: Database of financiers

[The Switchers Toolbox](#) provides methodologies and tools for sustainable business development, designed to match the needs of green entrepreneurs in the Mediterranean, at any business development stage. **GIMED's Finance Toolkit** is available on The Switchers Toolbox platform. The finance toolkit allows entrepreneurs to access a **base of financiers specifically adapted** to their business model, size, needs and development stage.

Title	Database of financiers / Finance Toolkit
Who's it for?	Green entrepreneurs across the Mediterranean
When to use?	When requiring funding, at any stage of business development : ideation, early stage, growth and scale
Purpose	Provides a directory of funding organisations , outlining: funding priorities, contact details and how they prefer to be approached by potential investees. Enables participants to easily identify suitable finance institutions to approach.
