

Implementing Ecosystem-Based Integrated Coastal Zone Management (EB-ICZM) in the Gulf of Aqaba (Jordan).

Provisional Agenda

ISP Training, Data Analysis, review of System Cause-Effect Analysis, Management options/Governance protocols, and EBM Final Report Planning

27th – 31st August 2023

Empowered lives.
Resilient nations.

Provisional Agenda

The mission is executed in the framework of the of the *Mediterranean Forum For Applied Ecosystem-Based Management* (MED4EBM) Partnership Project.

1 - Objectives

- a) ISP training; data analysis and review
- b) Review System Cause-Effect Analysis, together with review and finalisation of the protocols' drafts
- c) EBM Final report planning (in particular the chapters for which JREDS will write)

2 – Meetings

The meetings will involve two types: four working days with the Project's Technical Team joining representatives of the LB, PP3 and ASEZA as the main stakeholder and autonomous government of Aqaba Region; and one working day Stakeholders' Consultation Workshop
